Our Causes

Rotary is dedicated to causes that build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever.

Promoting peace

Rotary encourages conversations to foster understanding across and across cultures. We train adults and young leaders to prevent and resolve conflict and help refugees who have fled dangerous areas.

Fighting disease

We educate and equip communities to stop the spread of life-threatening diseases like polio, HIV/AIDS, and malaria. We improve and expand access to safe food and free health care in developing areas.

Providing clean water, sanitation, and hygiene

We support local solutions to bring clean water, sanitation, and hygiene to more people every day. We don't just build wells and wash areas. We share our expertise with community leaders and educators to make sure our projects succeed long-term.

Saving mothers and children

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.

Supporting education

More than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the quality of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Growing local economies

We carry out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. We also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

Protecting the environment

Rotary members are tackling environmental issues the way they do: by coming up with projects, using their connections to change policy and generating funds to make it happen.
